YOU: Stress Less Jan 13 2021 Stress is America's #1 killer, aging people prematurely and compromising people's health enormously. Culled from the pages of bestselling YOU: Staying Young, YOU: On a Diet, and YOU: Being Beautiful, this handy pocket guide that offers ninety-nine incredibly valuable tips to reverse the effects of stress is a must read. There's no question that stress can impact just about every part of your life—the way you look, how you feel, how long you live, how well you sleep, what you eat, everything. That's why it is so important to have a good stress management plan in place, whether you're used to juggling work, kids, gadgets, gizmos, or any of the hundreds of responsibilities that any of us have every day. While there are three kinds of stress, you may not know that they aren't all bad for you; some stress can actually work as a powerful motivator. The problem? When the wrong kinds of stress hammer you (and hammer you and hammer you), it can wear you down and cause lasting physical damage. YOU: Stress Less offers a 360-degree perspective on stress that combines the most up-to-date wisdom from the entire YOU: The Owner's Manual series. Packed with meditation techniques, food recommendations, and lifestyle evaluation tools, this paperback is an essential guide to reducing your stress levels and improving your life—with some changes that you'll feel immediately. This portable, comprehensive guide is a perfect investment in your health and your happiness.

The Startup Owner's Manual Sep 01 2022 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? *The Startup Owner's Manual* guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. *The Startup Owner's Manual* was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Strategy 360 Jul 07 2020 A pioneer in the field of "damage economics" identifies ten key elements of a successful business plan, drawing on his own experiences with such challenges as Hurricane Katrina and the World Trade Center attacks to counsel professionals, parents, teachers, and other leaders on how to attain more effective levels of achievement.

Website Owner's Manual Mar 15 2021 Many of the people responsible for a website don't have a clue what's required to build one and keep it up and running. The job of planning, launching, and managing a site often falls to people who have little or no experience in web design or development. Website Owner's Manual is for the thousands of marketers, IT managers, project leaders, and business owners who need to put a website in place and keep it running with a minimum of trouble. Using clever illustrations, easy-to-follow lists and diagrams, and other friendly touches, Website Owner's Manual helps readers form a vision for a site, guide them through the process of selecting a web design agency, and gives just enough background to help them make intelligent decisions throughout the

development process. This book provides a jargon-free overview of web design, including accessibility, usability, online marketing, and web development techniques. Using Website Owner's Manual, readers master the vocabulary and concepts they need to discuss how a website dovetails with the needs of a business. This book will help them work confidently with the designers and developers building and maintaining a site so they can concentrate on what your website needs to do. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

History of Programming Languages Jun 25 2019 History of Programming Languages presents information pertinent to the technical aspects of the language design and creation. This book provides an understanding of the processes of language design as related to the environment in which languages are developed and the knowledge base available to the originators. Organized into 14 sections encompassing 77 chapters, this book begins with an overview of the programming techniques to use to help the system produce efficient programs. This text then discusses how to use parentheses to help the system identify identical subexpressions within an expression and thereby eliminate their duplicate calculation. Other chapters consider FORTRAN programming techniques needed to produce optimum object programs. This book discusses as well the developments leading to ALGOL 60. The final chapter presents the biography of Adin D. Falkoff. This book is a valuable resource for graduate students, practitioners, historians, statisticians, mathematicians, programmers, as well as computer scientists and specialists.
