All of that changes when she sits down in a forbidden nightclub to play a hand of cards with a hypnotic and mysterious stranger. Hades, God of the Dead, has built a gambling empire in the mortal world and his favorite bets are rumored to be impossible. The bet does more than expose Persephone's failure as a goddess, however. Afterlife and Resurrection Beliefs in the Pseudepigrapha

Aug 08 2020 Jan A. Sigvartsen seeks

to examine the immense interest in life after death, and speculation about the fates awaiting both the righteous and the wicked, that proliferated in the Second Temple period. In this volume Sigvartsen analyses the texts of the Pseudepigrapha, identifies the numerous afterlife and resurrection beliefs they contain, and presents an analysis of these beliefs and how they functioned in the Second Temple period. A careful reading of these diverse resurrection passages – from testaments to wisdom, philosophical literature, and prayers – reveals that most of these distinct life-after-death views, regardless of their complexity, show little evidence of systematic development relational to one another, and are often supported by several key passages or shared motifs from texts that later became a part of the TaNaKh. This volume examines testaments from Adam to the Twelve Patriarchs, expansions of stories and legends such as Joseph and Aseneth and the ladder of Jacob, and texts such as 4 Maccabees, before finally considering the posthumous body, the nature of the soul, and anthropological implications. Sigvartsen's study provides a deeper understanding of how texts that later became a part of the TaNaKh were read by different communities during this important period, and the role they played in the development of the resurrection belief – a central article of faith in both Christianity and Rabbinic Judaism. This volume is a companion to Sigvartsen's work on afterlife and resurrection in the Apocrypha and the apocalyptic literature of the Pseudepigrapha.
