Other People's Houses Nov 25 2019 With a foreword by Cynthia Ozick, this semiautobiographical novel of a Jewish girl forced away from home in the face of Nazi persecution is an extraordinary tale of fortitude and survival On a December night in 1938, a ten-year-old girl named Lore is put on the Kindertransport, a train carrying hundreds of Jewish children out of Austria to safety from Hitler's increasingly alarming oppression. Temporarily housed at the Dover Court Camp on England's east coast, Lore will find herself living in other people's houses for the next seven years: the Orthodox Levines, the Hoopers, the working-class Grimsleys, and the wealthy Miss Douglas and Mrs. Dillon. Charged with the task of asking "the English people" to get her parents out of Austria, Lore discovers in herself an impassioned writer. In letters to potential sponsors, she details the horrors happening back at home; in those to her parents, she notes the mannerisms and reactions of the new families around her as she valiantly tries to master their language. And the closer the world comes to a new war, the more resolute Lore becomes to survive. As powerful now as when it was first released fifty years ago, *Other People's Houses* is a poignant tale about the creation of a new life in the face of hopelessness and fear—a hallmark of the postwar immigration experience.

Tabish Khair Nov 18 2021 This volume approaches Tabish Khair's writings (both his theoretical proposals and his novels) from numerous different perspectives. Contributors engage from varied critical stances with Khair's academic writings in a fruitful dialogue, analyze his social, political and religious concerns, and elucidate his characteristics as a novelist and his literary powers. Furthermore, this volume is highly enriched by the presence of a hitherto unpublished play by Khair, entitled *The One Percent Agency*, which focuses on a tourism agency specializing in bringing "Bollywood"-style Indian weddings to foreign tourists. In the process, it becomes a satirical commentary on the packaging of international tourism as well as the ability of common Indians to adapt and thrive. It depicts the "metropolitan" India of the new millennium and inter-community relations in subtle and powerful ways.

Why Did God Seat Me Next to the Toilet? Apr 11 2021 Our God is a God who is in total control of all that happens to the whole world and to each of us individually. God can allow or prevent bad things from happening. Of course, most of us desire that God would prevent bad things from happening. When we are seated next to the toilet on an airplane, we pretty much assume that God could care less whether we are seated next to the toilet or are seated in first class. Yet God controls every single action that occurs in the world, or He would not be God. When we are seated next to the toilet of life, we discover, as Job did, that God allowed this to happen for all things to work together for good for those who love Him and are called according to His purpose. God's plan for us, who trust in Him, are to prosper us and not to harm us but to give us hope and a future. The purpose of this book is to show that no matter how bad the evil and sin that confront us, God is in total control, and His words of promise to us will be fulfilled. On this earth, you may lose all that you have: family; friends, wealth, health, possessions, dignity, and told to curse God and die, as Job was. Through God's grace and mercy, you can endure as Job endured. Do not think that Job endured only because God knew him as a "blessed man who lives righteously." You and I are most certainly not of the character of Job, but God has seated us next to the same toilet of life where Job was seated. Because God is always nearby during our trials (He told Job that), we will discover God's specific plan for us when He does seat us next to the toilet, whether it be on the plane or on the earth.

Lost Heritage May 12 2021 During construction of the Tennessee Valley Authority Watauga Dam, TVA workers roamed the valley and interviewed the land owners and other residents prior to their homes and property being taken over by the Tennessee Valley Authority. Those reports constituted an account of the people, the valley, and the time. This compilation is a documentation of the people of old Butler and the Watauga Valley from those TVA records—and from people who hold fond, romantic memories of that place and time. It documents old Butler and surrounding communities of the Watauga Valley that were inundated, institutions that were moved or destroyed, and families that were displaced or otherwise affected by construction of the TVA Watauga Dam.

The Flour Convoy Jan 20 2022 Army Captain Alan Moore and his wife, Jeanene, are seeking to emigrate to the United States. Conditions of life in the land of their birth have deteriorated immensely, and the Moore family has fallen out of favor with the ruling dictator. The Moores are waiting for the letter from the U.S. Embassy notifying them of their final interview. While carrying out his duties as Commander of F-Company, Alan objects to the corrupt practices he observes, including ballot-box tampering during the national election. This further isolates him from his military superiors and, when he stumbles onto a smuggling operation, he is falsely accused and incarcerated. Will the dictator succeed in humiliating Alan and his family, or will his wife and his friends succeed in freeing him? *** The Flour Convoy follows in the grand tradition of Chinua Achebe's *Anthills in the Savannah* and V.S. Naipaul's *A Bend in the River*, but moves beyond those important works with an insiders view of the military's role in buttressing the authoritarian regime it chronicles. . . An informative and compelling read. -Scott Douglas Gerber, author of *The Ivory Tower* and *The Law Clerk* *** A writer of great creativity and wit, Chaitram Singh brings an intellectual's insight to bear on the light and dark sides of humanity in a situation that speaks of universal struggles, tragedies, and triumphs. . . A compelling story that keeps the reader turning pages. -Bruce Conn, author of *The Curse of Durgans Reef* *** A view of authoritarianism from a very close range. . . The Flour Convoy makes the reader an eyewitness to the corruptive forces so common in post-colonial regimes. A wonderfully crafted plot, presented with a crispness the title conveys. -Nala Singham, Editor and Publisher, *The Caribbean New Yorker*

Catfish and Mandala Jan 28 2020 *A Vietnamese Bicycle Days* by a stunning new voice in American letters. Andrew X. Pham dreamed of becoming a writer. Born in Vietnam and raised in California, he held technical jobs at United Airlines--and always carried a letter of resignation in his briefcase. His father had been a POW of the Vietcong; his family came to America as "boat people." His sister committed suicide, prompting Andrew to quit his job. He sold all of his possessions and embarked on a year-long bicycle journey that took him through the Mexican desert, where he was treated as a *bueno hermano*, a "good brother"; around a thousand-mile loop from Narita to Kyoto in Japan; and, after five months and 2,357 miles, to Saigon, where he finds "nothing familiar in the bombed-out darkness." In Mexico he's treated kindly as a *Vietnamito*, though he shouts, "I'm American, Vietnamese American!" In Vietnam, he's taken for Japanese or Korean by his countrymen, except, of course, by his relatives, who doubt that as a Vietnamese he has the stamina to complete his journey ("Only Westerners can do it"); and in the United States he's considered anything but American. A vibrant, picaresque memoir written with narrative flair and a wonderful, eye-opening sense of adventure, *Catfish and Mandala* is an unforgettable search for cultural identity.

Turning Japanese Oct 25 2019 "The poet David Mura brings an intriguing perspective to the New World quest for enlightenment from this ancient and ascendant culture" (The New York Times). Award-winning poet David Mura's critically acclaimed memoir *Turning Japanese* chronicles how a year in Japan transformed his sense of self and pulled into sharp focus his complicated inheritance. Mura is a *sansei*, a third-generation Japanese-American who grew up on baseball and hot dogs in a Chicago suburb where he heard more Yiddish than Japanese. *Turning Japanese* chronicles his quest for identity with honesty, intelligence, and poetic vision, and it stands as a classic meditation on difference and assimilation and is a valuable window onto a country that has long fascinated our own. *Turning Japanese* was a New York Times Notable Book and winner of an Oakland PEN Josephine Miles Book Award. This edition includes a new afterword by the

author. "A dizzying interior voyage of self-discovery and splintered identity." —Chicago Tribune "There is brilliant writing in this book, observations of Japanese humanity and culture that are subtly different from and more penetrating than what we usually get from Westerners." —The New Yorker "Turning Japanese reads like a fascinating novel you can't put down . . . Mura's story is a universal one, and one that is accessible to everyone, even those whose experience in the U.S. is not that of a person of color." —Asian Week "[Mura] paints a portrait of Japan that is rich and satisfying . . . a refreshingly kindly and tolerant study, a powerful antidote to the venomous anti-Japanese mood that seems, distressingly, to be seizing some corners of the American mind." —Conde Nast Traveler
