Voices of the Confederation Aug 09 2020 First compiled and edited in 1975, Voices of the Confederation is a collection of channeled material from the early years of Don Elkins' and Carla Rueckert's experiments with telepathic communication with extraterrestrials. Originally titled Voices of the Gods, it was never officially published and sat on the shelf until the project was resurrected decades later. The collection contains excerpts arranged categorically to help introduce people to Confederation philosophy. Some of these transcripts are being published for the first time in this book, having never appeared on L/L Research's archive website. Topics covered include channeling, meditation, love, service, UFOs, and other subjects relevant to the spiritual seeker. Explored in these pages are the basic themes of the Confederation philosophy that have become the hallmark of L/L Research's channeling ever since. "Seek, my friends. Seek. This is the word that opens the door to everything that exists throughout all of space and all of time. Seek. Seek. And what will you find? You will find love, for that is all that there is to find. For that is all that there is." - Hatonn, February 9, 1974

Joyful Mending Aug 01 2022 Joyful Mending shows you how to fix old items of clothing, linens and household objects by turning tears and flaws into beautiful features. Simply by applying a few easy sewing, darning, felting, or crocheting techniques, as well as some sashiko and other favorite embroidery stitches, you can repair your favorite pieces in a transformative way. These techniques don't just save you money, but make your life more joyful, fulfilling and sustainable in an age of disposable "fast fashion." Author Noriko Misumi teaches you her philosophy of mending and reusing items based on the age-old Japanese concepts of mindfulness and Wabi Sabi (an appreciation of old

and imperfect things). In her book, she shows you how to: Repair any kind of fabric that is torn, ripped or stained—whether knitted or woven Work with damaged flat or curved surfaces to make them aesthetically pleasing again Create repairs that blend in, as well as bold or whimsical visible repairs Darn your handmade or expensive gloves, sweaters and socks to make them look great again The joy to be found in working with your hands and the personal artistry you discover within yourself lie at the heart of this book. While nothing lasts forever, there's pleasure, as well as purpose, in appreciating age and imperfection. Joyful Mending allows you to surround yourself with the things that truly give you joy, whether they were given to you by a loved one, picked up in your travels or simply have a special place in your heart.
