Zoo in the Sky Jun 06 2020 Shows and describes the animal constellations, including Canis Major and Scorpius the Scorpion, and provides information about some of the more unusual stars that make up the constellations

Why the Sun and the Moon Live in the Sky: An African Folktale Nov 23 2021 An African folktale that explains the reason the sun and the moon are in the sky.

Thunder in the Sky Feb 12 2021 Understanding the development and practice of power—based on an in-depth observation of human psychology—has been a part of traditional Chinese thought for thousands of years and is considered a prerequisite for mastering the arts of strategy and leadership. Thunder in the Sky presents two secret classics of this ancient Chinese tradition. The commentary by Thomas Cleary—the renowned translator of dozens of Asian classics—highlights the contemporary application of these teachings.

***Into the Sky* Jun 18 2021** Describes the history and construction of skyscrapers.

Eye in the Sky May 18 2021 A wry look at how different people see the world, told in the

caustically fun style of award-winning science fiction novelist Philip K. Dick.

***Sammy in the Sky* Feb 01 2020** Sammy, the best hound dog in the whole wide world, loves his girl and she loves him. When illness cuts Sammy's life short, the girl's family keeps his spirit alive by celebrating his love of chasing wind-blown bubbles, keeping loyal guard at night, and offering his velvety fur for endless pats and tummy scratches. Painter Jamie Wyeth's illustrations - infused with his realist style and lifelong fondness for dogs - radiate the joy and sadness of every tongue-licking, tail-wagging moment in this heartening and lovingly rendered story written by Barbara Walsh.

***Home in the Sky* Mar 04 2020** Mike keeps pigeons on the roof of an abandoned burned-out building in New York. Every morning he lets them out of their coop, and they fly around in the sky until he calls them back home for breakfast. But one morning, a white pigeon, Light, flies away.

***50 Things to See in the Sky* Sep 09 2020** A beautifully presented, practical gift guide to 50 sights in the skies above us – complete with a glow-in-the dark front cover. Explained with fascinating, easy-to-understand commentary from astrophysicist and science communicator, Sarah Barker, and illustrated throughout with captivating drawings by Maria Nilsson, each guide helps you locate an incredible sight. The book is divided into three main sections – and whether you use the naked eye, a telescope, or fall into a black hole of online research, you'll discover the limitless wonder of the skies – from otherworldly phenomena on Earth like sun dogs, to planets, moons, stars, lunar craters and galaxy clusters. **Naked Eye:** Learn how navigators travelled in the past by finding the North Star; say hello to our astronauts and learn how to spot the International Space Station; see a red supergiant star (Betelgeuse); and find out more about solar eclipses. **Further Afield:** Find out more about the next closest galaxy, Andromeda; learn about the discovery of Saturn's 'ears' (or rings!); spot an alien storm that's as big as the Earth; and track 'Little Green Men' and ice volcanoes. **Far, Far Away:** Learn how baby stars are created by the Pillars of Creation; marvel at the Hubble Deep Field; and unearth the brightest things in our universe, quasars. The book also includes advice on ideal conditions for observing the stars, telescopes and binoculars, and navigating the skies. With extra tips and a rundown of useful tools, you'll find everything you need to get out there and look up!

***A Lens To See Behind The Sky* Aug 28 2019** This collection of poetry and art walks through earth's elements, reminding you of the connection of spirit and sky, earth and bone. Dun uses words inspired by Fire, Wind, Earth, and Water to wrestle the enemies of existence brought on by anxiety and depression. Although there is darkness in some of these words, behind it is a hope for light. Beneath it is a heavy, beating heart holding on through the storm. Use this book as your reminder that the storm will always pass. Light is always on the other side. *Includes poetry previously published in collections *Smoke Signals (Burn This)* & *Live Poems Love Poems* *Due to mature content this book is recommended for ages 13+

***Ruby in the Sky* Nov 11 2020** A Washington Post KidsPost Summer Book Club Read Twelve-year-old Ruby Moon Hayes does not want her new classmates to ask about her father. She does not want them to know her mother has been arrested. And she definitely does not want to make any friends. Ruby just wants to stay as silent and invisible as a new moon in the frozen sky. She and her mother won't be staying long in Vermont anyway, and then things can go back to the way they were before everything went wrong. But keeping to herself isn't easy when Ahmad Saleem, a Syrian refugee, decides he's her new best friend. Or when she meets "the Bird Lady," a recluse named Abigail who lives in a ramshackle shed near Ruby's house. Before long Ahmad and Abigail have become Ruby's friends—and she realizes there is more to their stories than everyone knows.

As ugly rumors begin to swirl around the people Ruby loves, she must make a choice: break her silence, or risk losing everything that's come to mean so much to her. *Ruby in the Sky* is a story of the walls we hide behind, and the magic that can happen when we're brave enough to break free.

Shapes in the Sky Apr 04 2020 Illustrations and simple text explain different kinds of clouds--cumulus, cumulonimbus, stratus, cirrus--and the types of weather they indicate.

Rift in the Sky Jun 30 2022 Despite good intentions, the Om-ray of Cersi can't resist moving through space using the M-hir dimension. To prevent the disruption of the Agreement and the destruction that it would unleash, the M-hiray, as they now call themselves, agree to leave Cersi forever to establish their own haven within the Trade Pact worlds--only to learn that not everybody wants peace.

In the Sky (Oxford Read and Discover Level 1) Nov 04 2022 Read and discover all about the sky. What can you see in the sky? What are stars? Read and discover more about the world! This series of non-fiction readers provides interesting and educational content, with activities and project work.

They Dance in the Sky Jun 26 2019 The authors combine factual information on both astronomy and native American culture with authentic tales and myths about constellations told by many American Indian tribes. Reprint.

Ink Art May 06 2020 "Featuring 70 works in various media--paintings, calligraphy, photographs, woodblock prints, video, and sculpture--that were created during the past three decades, *Ink Art: Past as Present in Contemporary China* will demonstrate how China's ancient pattern of seeking cultural renewal through the reinterpretation of past models remains a viable creative path. Although all of the artists have transformed their sources through new modes of expression, visitors will recognize thematic, aesthetic, or technical attributes in their creations that have meaningful links to China's artistic past. The exhibition will be organized thematically into four parts and will include such highlights as Xu Bing's dramatic *Book from the Sky* (ca. 1988), an installation that will fill an entire gallery; *Family Tree* (2000), a set of vivid photographs documenting a performance by Zhang Huan in which his facial features--and his identity--are obscured gradually by physiognomic texts that are inscribed directly onto his face; and *Map of China* (2006) by Ai Weiwei, which is constructed entirely of wood salvaged from demolished Qing dynasty temples." --

Island in the Sky Jul 08 2020

Bright of the Sky Aug 01 2022 Kay Kenyon, noted for her science fiction world-building, has in this new series created her most vivid and compelling society, the Universe Entire. In a land-locked galaxy that tunnels through our own, the Entire is a bizarre and seductive mix of long-lived quasi-human and alien beings gathered under a sky of fire, called the bright. A land of wonders, the Entire is sustained by monumental storm walls and an exotic, never-ending river. Over all, the elegant and cruel Tarig rule supreme. Into this rich milieu is thrust Titus Quinn, former star pilot, bereft of his beloved wife and daughter who are assumed dead by everyone on earth except Quinn. Believing them trapped in a parallel universe—one where he himself may have been imprisoned—he returns to the Entire without resources, language, or his memories of that former life. He is assisted by Anzi, a woman of the Chalin people, a Chinese culture copied from our own universe and transformed by the kingdom of the bright. Learning of his daughter's dreadful slavery, Quinn swears to free her. To do so, he must cross the unimaginable distances of the Entire in disguise, for the Tarig are lying in wait for him. As Quinn's memories return, he discovers why. Quinn's goal is to penetrate the exotic culture of the Entire—to the heart of Tarig power, the fabulous city of the Ascendancy, to steal the key to his family's redemption. But will his daughter

and wife welcome rescue? Ten years of brutality have forced compromises on everyone. What Quinn will learn to his dismay is what his own choices were, long ago, in the Universe Entire. He will also discover why a fearful multiverse destiny is converging on him and what he must sacrifice to oppose the coming storm. This is high-concept SF written on the scale of Philip Jose Farmer's *Riverworld*, Roger Zelazny's *Amber Chronicles*, and Dan Simmons's *Hyperion*.

Lucy in the Sky Dec 25 2021 A diary by an unnamed 16-year-old drug addict from an upper middle-class neighborhood in Santa Monica documents the ruination of her life after experimenting with drugs and alcohol at a party, after which she rejects everything she once cared about. By the author of *O. Simultaneous*.

What's Hidden in the Sky? Oct 30 2019 Glance out the window from eight locations around the world and marvel at the animal constellations hidden in the night sky above. This enchanting book invites readers to imagine themselves gazing at the night sky from different children's rooms around the world. Hold the windows on each page up to a light source, and constellations magically appear—celestial creatures that roam the sky before dawn. *What's Hidden in the Sky* offers eight playful riddles that each suggest a different animal constellation hidden in the night sky, depending on the time of year and the viewer's location around the globe. This utterly unique child's-eye view of the stars overhead is sure to amaze and delight stargazers of all ages.

The Children of the Sky Jul 20 2021 *The Children of the Sky* continues the epic scifi adventure of Hugo award-winning *A Fire Upon the Deep!* "Vinge is one of the best visionary writers of SF today." —David Brin Thousands of years in the future, humanity is no longer alone in a universe where a mind's potential is determined by its location in space, from superintelligent entities in the Transcend, to the limited minds of the Unthinking Depths, where only simple creatures, and technology, can function. Nobody knows what strange force partitioned space into these "regions of thought," but when the warring Straumli realm use an ancient Transcendent artifact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Ten years have passed on Tines World, and Ravna and the children have survived a war. While there is peace among the Tines, there are those among them—and among the humans—who seek power...and no matter the cost, these malcontents are determined to overturn the fledgling civilization that has taken root since the humans landed. Tor books by Vernor Vinge *Realtime/Bobble Series* *The Peace War* *Marooned in Realtime* *Other Novels* *The Witling* *Tatja Grimm's World* *Rainbows End* *Collections* *Collected Stories of Vernor Vinge* *True Names* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Mirror in the Sky Dec 13 2020 Tara, an Indian-American junior at Brierly prep school, feels her world dramatically change when a mirror planet to Earth is discovered and she, in this new era of scientific history, reconsiders her self and possible selves.

Eyes In The Sky Jan 14 2021 The fascinating history and unnerving future of high-tech aerial surveillance, from its secret military origins to its growing use on American citizens *Eyes in the Sky* is the authoritative account of how the Pentagon secretly developed a godlike surveillance system for monitoring America's enemies overseas, and how it is now being used to watch us in our own backyards. Whereas a regular aerial camera can only capture a small patch of ground at any given time, this system—and its most powerful iteration, *Gorgon Stare*—allow operators to track thousands of moving targets at once, both forwards and backwards in time, across whole city-sized areas. When fused with big-data analysis techniques, this network can be used to watch everything simultaneously, and perhaps even predict attacks before they happen. In battle, *Gorgon Stare* and other systems like it have saved countless lives, but when this technology is

deployed over American cities—as it already has been, extensively and largely in secret—it has the potential to become the most nightmarishly powerful visual surveillance system ever built. While it may well solve serious crimes and even help ease the traffic along your morning commute, it could also enable far more sinister and dangerous intrusions into our lives. This is closed-circuit television on steroids. Facebook in the heavens. Drawing on extensive access within the Pentagon and in the companies and government labs that developed these devices, *Eyes in the Sky* reveals how a top-secret team of mad scientists brought Gorgon Stare into existence, how it has come to pose an unprecedented threat to our privacy and freedom, and how we might still capitalize on its great promise while avoiding its many perils.

The Brightest Star in the Sky Aug 21 2021 At 66 Star Street, Dublin, someone is watching over the lives of the people living in its flats - but no-one is aware of it. One of them is ready to take the plunge and fall in love; another is torn between two very different lovers.

The Rock from the Sky Jan 02 2020 Look up! From the Caldecott Medal-winning creator of the Hat Trilogy comes a new deadpan gem. Turtle really likes standing in his favorite spot. He likes it so much that he asks his friend Armadillo to come over and stand in it, too. But now that Armadillo is standing in that spot, he has a bad feeling about it . . . Here comes *The Rock from the Sky*, a hilarious meditation on the workings of friendship, fate, shared futuristic visions, and that funny feeling you get that there's something off somewhere, but you just can't put your finger on it. Merging broad visual suspense with wry wit, celebrated picture book creator Jon Klassen gives us a wholly original comedy for the ages.

From The Sky Sep 02 2022 Mobi file cannot be rotated to landscape!*From the Sky* from best-selling author J.E. Nicassio writes the kind of close encounter that will leave readers spellbound. When high school junior, Samantha Hunter, and her father move to New Mexico, it's a chance to leave tragedy behind and start over. However, the arrival of a dark-haired stranger changes everything. Lucien introduces Sam to the prospect of enjoying life again, and to the hidden world of aliens. But crazier than that, Lucien doesn't feel entirely like a stranger. Redemption and romance follow Sam in her new life as she works to understand the alien-human romance she's developing—a romance that feels beyond her control. There's something bigger happening around her, and to her, too, and this is just the beginning.... -J. E. Nicassio packs in the action like a superhero movie- *From the Sky* has all the hallmarks of a Hollywood blockbuster—ready to light up the sky like a fleet of UFOs. "A must read! It had me from the very beginning to the last word. Every page had a plot twist and turn to make my imagination run wild." -Online Book Club.org Nicassio is a freelance writer and MUFON (Mutual UFO Network) Field Investigator in Pittsburgh, PA, where she resides with her mother, two sons, and German Shepherd, Ava. She loves writing and is passionate about creating stories that entertain and comes straight from the heart. Her Children's book, *Rocky* (About Rockefeller Center and a tiny Christmas tree named Rocky) made the Amazon Top Ten Christmas Book List in 2016.

All the Birds in the Sky Jan 26 2022 Childhood friends Patricia Delfine, a witch, and Laurence Armstead, a mad scientist, parted ways under mysterious circumstances during middle school. But as adults they both wind up in near-future San Francisco, where Laurence is an engineering genius and Patricia works with a small band of other magicians to secretly repair the world's ever-growing ailments. But something is determined to bring them back together - to either save the world, or end it.

Worlds in the Sky Sep 29 2019 Ever since early stargazers discovered that some heavenly bodies wandered among the others, people have been fascinated by the planets. Kepler calculated their orbits from naked-eye observations; Galileo's telescope made it possible to discern their markings;

now observations from spacecraft provide electronically enhanced images that bring these distant worlds even closer. In *Worlds in the Sky*, William Sheehan gives us a history of this long fascination, weaving together scientific history, anecdotes surrounding planetary discoveries, and the personal reflections of an incurable amateur astronomer. He describes how we arrived at our current understanding of the Moon and the planets and shows how certain individuals in history shaped the world's knowledge about the Solar System.

A River in the Sky Dec 01 2019 New York Times Bestseller From New York Times bestselling author Elizabeth Peters comes one of her most baffling and intriguing mysteries in her phenomenally popular Amelia Peabody series. August 1910. Banned from the Valley of the Kings, Amelia Peabody and husband Emerson are persuaded to follow would-be archaeologist Major George Morley on an expedition to Palestine. Somewhere in this province of the corrupt, crumbling Ottoman Empire—the Holy Land of three religions—Morley is determined to unearth the legendary Ark of the Covenant. At the request of British Intelligence, Emerson will be keeping an eye on the seemingly inept Morley, believed to be an agent of the Kaiser sent to stir up trouble in this politically volatile land. Amelia hopes to prevent a catastrophically unprofessional excavation from destroying priceless historical finds and sparking an armed protest by infuriated Christians, Jews, and Muslims. Meanwhile, Amelia's headstrong son, Ramses, working on a dig at Samaria, encounters an unusual party of travelers and makes a startling discovery—information that he must pass along to his parents in Jerusalem...if he can get there alive. “Between Amelia Peabody and Indiana Jones, it’s Amelia—in wit and daring—by a landslide.”—New York Times Book Review

Jump into the Sky Oct 11 2020 It's May 5, 1945. Carrying nothing but a suitcase and a bag of his aunt's good fried chicken, 13-year-old Levi Battle heads south to a U.S. Army post in search of his father—a lieutenant in an elite unit of all black paratroopers. The fact that his father doesn't even know he's coming turns out to be the least of his problems. As Levi makes his way across the United States, he learns hard lessons about the way a black boy is treated in the Jim Crow South. And when he arrives at his destination, his struggles are far from over. The war may be ending, but his father's secret mission is just beginning—and it's more dangerous than anybody imagined. . . Shelley Pearsall has created an unforgettable character in Levi and gives readers a remarkable tour of 1945 America through his eyes. *Jump into the Sky* is a tour de force of historical fiction from a writer at the very top of her game.

Pie in the Sky Mar 28 2022 Abby Lovitt doesn't realize how unprepared she is when she takes her beloved horse, True Blue, to a clinic led by the most famous equestrian anyone knows. The biggest surprise, though, is that Sophia, the girl who never makes a mistake, suddenly makes so many that she stops riding. Who will ride her horse? Abby's dad seems to think it will be Abby. *Pie in the Sky* is the most expensive horse Abby has ever ridden. But he is proud and irritable, and he takes Abby's attention away from the continuing mystery that is True Blue. And then there's high school—Abby finds new friends, but also new challenges, and a larger world that sometimes seems strange and intimidating. She begins to wonder if there is another way to look at horses, people, and life itself. Accompanied by the beautiful imagery of 1960s Northern California, Abby's charming mix of innocence and wisdom guide us through Pulitzer Prize winner Jane Smiley's latest middle-grade horse novel.

Animals in the Sky Oct 23 2021 A graphically stunning introduction to constellations for the youngest readers, following the meteoric rise of global bestseller *Seeing Stars* This stylish, informative board book helps younger children identify six of the most recognizable animal constellations from The Great Bear to the The Southern Fish. Each constellation is introduced as a

cluster of stars with its connected-line shape; readers then guess the animal through a series of read-aloud clues. A full animal illustration gatefold reveals the answer, accompanied by extra information about the constellation and its important stars. Perfect for bedtime stargazing! Ages 2-4

Lucy in the Sky Apr 16 2021 From the bestselling author of *The Longest Holiday* comes a heart-warming novel about a woman contemplating her life: Is the grass really greener on the other side of the world? Settling down for a twenty-four-hour flight to Australia, Lucy finds a text message on her phone—not from her boyfriend James, as she fondly hopes, but from a woman claiming to have slept with him four times in the past month. Trapped on the plane, she questions everything about her relationship with James. She finally calls him and he reassures her: it was only his mates playing a silly joke. James is a lawyer, persuasive and gorgeous, and Lucy adores him. So why, at her best friend's wedding, does she have niggling doubts, and find herself attracted to the bride's brother-in-law Nathan? The sooner she gets back to her regular life in London, the flat she shares with James, her job in PR, the better. Nathan is just a happy-go-lucky surfer boy, with no prospects, no place to live, an almost-girlfriend in tow. Suddenly Lucy finds herself caught between two distant continents and two very different men...

Pi in the Sky Aug 09 2020 Joss is the seventh son of the Supreme Overlord of the Universe, and all he gets to do is deliver pies. That's right: pies. Of course these pies actually hold the secrets of the universe between their buttery crusts, but they're still pies. Joss comes from a family of overachievers, and is happy to let his older brothers shine. But when Earth suddenly disappears, Joss is tasked with the not-so-simple job of bringing it back. With the help of an outspoken girl from Earth named Annika, Joss embarks on the adventure of a lifetime and learns that the universe is an even stranger place than he'd imagined.

A House in the Sky May 30 2022 **BREAKING NEWS:** Amanda Lindhout's lead kidnapper, Ali Omar Ader, has been caught. Amanda Lindhout wrote about her fifteen month abduction in Somalia in *A House in the Sky*. It is the New York Times bestselling memoir of a woman whose curiosity led her to the world's most remote places and then into captivity: "Exquisitely told...A young woman's harrowing coming-of-age story and an extraordinary narrative of forgiveness and spiritual triumph" (The New York Times Book Review). As a child, Amanda Lindhout escaped a violent household by paging through issues of National Geographic and imagining herself visiting its exotic locales. At the age of nineteen, working as a cocktail waitress, she began saving her tips so she could travel the globe. Aspiring to understand the world and live a significant life, she backpacked through Latin America, Laos, Bangladesh, and India, and emboldened by each adventure, went on to Sudan, Syria, and Pakistan. In war-ridden Afghanistan and Iraq she carved out a fledgling career as a television reporter. And then, in August 2008, she traveled to Somalia—"the most dangerous place on earth." On her fourth day, she was abducted by a group of masked men along a dusty road. Held hostage for 460 days, Amanda survives on memory—every lush detail of the world she experienced in her life before captivity—and on strategy, fortitude, and hope. When she is most desperate, she visits a house in the sky, high above the woman kept in chains, in the dark. Vivid and suspenseful, as artfully written as the finest novel, *A House in the Sky* is "a searingly unsentimental account. Ultimately it is compassion—for her naïve younger self, for her kidnappers—that becomes the key to Lindhout's survival" (O, The Oprah Magazine).

Tianshu Apr 28 2022 Chinese-born, U.S.-based artist Xu Bing (born 1955) makes epic, language-based sculptures, books and installations that are frequently inspired by China's rich heritage of print culture and bookmaking. This beautifully designed volume records his acclaimed work "Tianshu" (or "Book from the Sky"). "Tianshu" consists of four volumes of unreadable

"Chinese" characters printed in a traditional Chinese style from 4,000 hand-carved pieces of wood type. (The number of invented characters was based on the actual number of characters in common usage in China.) It took Xu Bing four years to carve the type and create the characters for this extraordinary work, which he first conceived in 1986 as "a book that no one would ever be able to read." The volume includes Xu Bing's own account of the work's genesis, as well as extended commentary by a range of scholars.

***Farmer in the Sky* Jul 28 2019 "There is no such thing as luck. There is only adequate or inadequate preparation to cope with a statistical universe." ¾Robert A. Heinlein, from *Time Enough for Love. Be Prepared _ Or Die!* Bill Lermer travels with his father, stepmother and stepsister to colonize a Jovian moon in the process of being terraformed. Out here, self-reliance is the key to survival¾and Bill finds that his Boy Scout motto isn't merely a pretty saying. It's a necessary rule for survival! This is it: what we think is the best of the classic Robert Heinlein adventure novels that influenced a generation of engineers and space scientists and still set the heart racing and the mind afire! At the publisher's request, this title is sold without DRM (Digital Rights Management).**

***Banner in the Sky* Feb 24 2022 The Citadel It stands unconquered, the last great summit of the Alps. Only one man has ever dared to approach the top, and that man died in his pursuit. He was Josef Matt, Rudi Matt's father. At sixteen, Rudi is determined to pay tribute to the man he never knew, and complete the quest that claimed his father's life. And so, taking his father's red shirt as a flag, he heads off to face the earth's most challenging peak. But before Rudi can reach the top, he must pass through the forbidden Fortress, the gaping chasm in the high reaches of teh Citadel where his father met his end. Rudi has followed Josef's footsteps as far as they will take him. Now he must search deep within himself to find the strength for the final ascent to the summit -- to plant his banner in the sky. His father died while trying to climb Switzerland's greatest mountain -- the Citadel -- and young Rudi knows he must make the assault himself.**

Superman: Up in the Sky Sep 21 2021 Award-winning author Tom King (Batman, Mister Miracle) answers the question- How far across the galaxy will the Man of Steel go to bring a single child home? Aliens have kidnapped a young Earth girl from Metropolis, taking her off-planet. Superman goes in pursuit of them, but with each stop along the path, the mystery of who the aliens are deepens, and the Man of Steel is faced with a new task. Is he getting closer to rescuing the girl, or further away? And who is protecting Metropolis in his absence? This galaxy-spanning question poses a moral dilemma for Superman- How much is one life worth compared to the millions back on his adopted planet? How far will he go, what foes will he face, to find the answer? Acclaimed writer Tom King (Batman, Mister Miracle, Heroes in Crisis) teams up with legendary artist Andy Kubert (Flashpoint, Batman- The Dark Knight III- Master Race) to spin an all-new, original tale that defines Superman for a new generation of readers!

***Harley in the Sky* Mar 16 2021 "Earnest, poetic." —Booklist "Raw, engaging." —Kirkus Reviews The Greatest Showman meets This Is Us by way of Sarah Dessen in this heart-wrenching, hopeful contemporary novel about a multiracial teen who risks it all to follow her dreams by joining the circus, from the award-winning author of *Starfish*. Harley Milano has dreamed of becoming a trapeze artist for as long as she can remember. With parents who run a famous circus in Las Vegas, she spends almost every night in the big top watching their lead aerialist perform, wishing with all her heart and soul that she would be up there herself one day. After a huge fight with her parents, who continue to insist she go to school instead, Harley leaves home, betrays her family, and joins the rival traveling circus *Maison du Mystère*. There, she is thrust into a world that is both brutal and beautiful, where she learns the value of hard work, passion, and collaboration. At**

the same time, Harley must come to terms with the truth of her family and her past—and reckon with the sacrifices she made and the people she hurt in order to follow her dreams. From award-winning author Akemi Dawn Bowman comes a luminous, unforgettable examination of love, loyalty, and the hard choices we must make to find where we truly belong.

Wonders in the Sky Oct 03 2022 One of the most ambitious works of paranormal investigation of our time, here is an unprecedented compendium of pre-twentieth-century UFO accounts, written with rigor and color by two of today's leading investigators of unexplained phenomena. In the past century, individuals, newspapers, and military agencies have recorded thousands of UFO incidents, giving rise to much speculation about flying saucers, visitors from other planets, and alien abductions. Yet the extraterrestrial phenomenon did not begin in the present era. Far from it. The authors of *Wonders in the Sky* reveal a thread of vividly rendered—and sometimes strikingly similar—reports of mysterious aerial phenomena from antiquity through the modern age. These accounts often share definite physical features—such as the heat felt and described by witnesses—that have not changed much over the centuries. Indeed, such similarities between ancient and modern sightings are the rule rather than the exception. In *Wonders in the Sky*, respected researchers Jacques Vallee and Chris Aubeck examine more than 500 selected reports of sightings from biblical-age antiquity through the year 1879—the point at which the Industrial Revolution deeply changed the nature of human society, and the skies began to open to airplanes, dirigibles, rockets, and other opportunities for misinterpretation represented by military prototypes. Using vivid and engaging case studies, and more than seventy-five illustrations, they reveal that unidentified flying objects have had a major impact not only on popular culture but on our history, on our religion, and on the models of the world humanity has formed from deepest antiquity. Sure to become a classic among UFO enthusiasts and other followers of unexplained phenomena, *Wonders in the Sky* is the most ambitious, broad-reaching, and intelligent analysis ever written on premodern aerial mysteries.
