For this age group, 5-6 year olds, all the words are placed in one of two ways only: either going from left-to-right, or going from top-to-bottom in the grid. So none of the words are hidden backwards, or diagonally in any of these puzzles. That makes this the ideal first wordsearch book for young minds, and means they can have the satisfaction of finding the words and solving the puzzles without the harder placements to spot. And at the same time, these puzzles make a great way of introducing new words and vocabulary to children in this age group; looking for the words in the grid and finding them can help facilitate the learning of those words and their spelling. Answers to all puzzles are included at the back of the book for children to check their answers are correct, or to have a sneaky peek if they get stuck!
