disaffection. His book presents a feast of themes in medieval social history. David Herlihy, Brown University

Old Age in English History

May 18 2021 At the end of the twentieth century more people are living into their seventies, eighties, nineties and beyond, a process expected to continue well into the next millennium. The twentieth century has achieved what people in other centuries only dreamed of: many can now expect to survive to old age in reasonably good health and can remain active and independent to the end, in contrast to the high death rate, ill health and

destitution which affected all ages in the past. Yet this change is generally greeted not with triumph but with alarm. It is assumed that the longer people live, the longer they are ill and dependent, thus burdening a shrinking younger generation with the cost of pensions and health care. It is also widely believed that 'the past' saw few survivors into old age and these could be supported by their families without involving the taxpayer. In this first survey of old age throughout English history, these assumptions are challenged. Vivid pictures are given of the ways in which very large numbers of older

people lived often vigorous and independent lives over many centuries. The book argues that old people have always been highly visible in English communities, and concludes that as people live longer due to the benefits of the rise in living standards, far from being 'burdens' they can be valuable contributors to their family and friends.

The Formation, Existence, and Deconstruction of the Catholic Stage Guild of Ireland May 06 2020 In 1945, the Irish Catholic Church began a unique relationship with the entertainment industry through an organization known as the Catholic Stage Guild of Ireland. This Guild, whose members included Jimmy O'Dea, Noel Purcell, Cyril Cusack, and Gabriel

Fallon, acted as a microcosm of twentieth-century Ireland, dramatically depicting the heartaches and successes of the Irish Catholics. This unprecedented study of the Catholic Stage Guild begins an investigation on the contemporary relationship between the Irish Catholic Church and theatre that, until now, has rarely been examined. Written for those interested in theatre studies, Catholic studies, and Irish studies, the Catholic Stage Guild of Ireland's persuasion over the theatre population both within and outside the country's borders proposes a story

long overdue to be told – until now.

The Political Economy of Social Credit and Guild Socialism Jun 30 2022 This work approaches the phenomenon of guild socialism from a new perspective, focusing on the Douglas Social Credit movement. It explores the key ideas, gives an overview of the main theories and traces their subsequent history. Thoroughly researched, it provides original material relevant to the field of political economy. This early approach to non-equilibrium economics reveals the extent of the incompatibility between capitalist growth economics and social and

environmental sustainability.

The Guild and Guild Buildings of Shakespeare's Stratford Jun 18 2021 The guild

buildings of Shakespeare's Stratford represent a rare instance of a largely unchanged set of buildings which draw together the threads of the town's civic life. With its multi-disciplinary perspectives on this remarkable group of buildings, this volume provides a comprehensive account of the religious, educational, legal, social and theatrical history of Stratford, focusing on the sixteenth century and Tudor Reformation. The essays interweave with one another to provide a map of the complex relationships between the buildings and their history. Opening

with an investigation of the Guildhall, which served as the headquarters of the Guild of the Holy Cross until the Tudor Reformation, the book explores the building's function as a centre of local government and community law and as a place of entertainment and education. It is beyond serious doubt that Shakespeare was a school boy here, and the many visits to the Guildhall by professional touring players during the latter half of the sixteenth-century may have prompted his acting and playwriting career. The Guildhall continues to this day to house a school for the education of

secondary-level boys. The book considers educational provision during the mid sixteenth century as well as examining the interaction between touring players and the everyday politics and social life of Stratford. At the heart of the volume is archaeological and documentary research which uses up-to-date analysis and new dendrochronological investigations to interpret the buildings and their medieval wall paintings as well as proposing a possible location of the school before it transferred to the Guildhall. Together with extensive archival research into the town's

Court of Record which throws light on the commercial and social activities of the period, this rich body of research brings us closer to life as it was lived in Shakespeare's Stratford.

Guilds and the Parish Community in Late Medieval East Anglia, C.

1470-1550 Apr 04 2020 The social and religious functions of the fraternities are then compared with the parish, through a study of the records of two Norfolk market towns (Wymondham and Swaffham) and two Suffolk villages (Bardwell and Cratfield). The evidence illuminates the role of the guilds in the

The Creation Guild
Oct 30 2019 The
Creation Guild - A
guidebook that

frames the creative
impulse not simply
as a means to an
end but as a
profound universal
imperative running
through all of us. By
connecting to our
creative source
energy, we plug
into the current
that powers the
universe. The
Creation Guild is
for those who want
to align with that
universal creative
energy and learn to
build awareness of
the nuances that
block or enhance
this flow. What
exactly is this
seemingly
unpredictable surge
of creative energy?
How can you
continuously bask

in it? How is it
connected to the
creations in life?
What we are
empowered to
create is not merely
art, but lives.
Informed by the
teaching of
Abraham Hicks,
Wayne Dyer, and A
Course in Miracles,
author Janice
Gallant shares her
story and offers
step by step
techniques for the
conscious
manifestation of the
life you always
dreamed of.
