The Dot Oct 02 2022 Features an audio read-along! With a simple, witty story and free-spirited illustrations, Peter H. Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.

Your Happy Heart May 17 2021 A Story from the Heart... Fifth-grader Javon has the big responsibility of being a Book Buddy to a kindergartner named Richard. But when he meets Richard for the first time, he isn't so sure he's up for the challenge. Richard won't talk to Javon or even look at him. He seems sad, but Javon quickly realizes that Richard reminds him a whole lot of himself at that age, and Javon is determined to help his

new friend. Both boys learn a lot that year, but what Javon learns from Richard is the most important lesson of all: that **helping someone find their happiness can make your own heart happy, too. Children need to be taught they have unique gifts they can be proud of and that make them special. They need to know how to cope when the world feels like a big, scary place, and they need to be reminded of the things that make them happy so when they are sad, they can remember those things. With these tools in their tool belts, children can grow in self-confidence and learn to thrive in their world.**

Snowflake Bentley Nov 03 2022 In this Caldecott Medal-winning picture book, the true story of Wilson Bentley and his singular fascination with snowflakes is rendered in rich prose and gorgeous artwork, perfect for the holidays, snow days, and everyday. Wilson Bentley was always fascinated by snow. In childhood and adulthood, he saw each tiny crystal of a snowflake as a little miracle and wanted to understand them. His parents supported his curiosity and saved until they could give him his own camera and microscope. At the time, his enthusiasm was misunderstood. But with patience and determination, Wilson catalogued hundreds of snowflake photographs, gave slideshows of his findings and, when he was 66, published a book of his photos. His work became the basis for all we know about beautiful, unique snowflakes today. This biographical tribute to a very special farmer is the perfect holiday gift or snow day read.
