*Rio #1* Sep 30 2022 Blu and Jewel, the last known surviving Blue Spix Macaws, are having a great time raising their children in the safety of the Blu Bird Sanctuary, but there may be trouble in paradise! When Blu overhears Tulio and Linda talking about their money troubles, Blu takes it upon himself to save the sanctuary and his friends' livelihood — if only he could think of a way. When bulldog Luiz tells Blu about a legendary elixir hidden somewhere in the jungle, Blu thinks that could be the answer. That is, of course, if cockatoo Nigel doesn't get there first, and if they can make it past the villainous snaky Ssssssabatore in one piece! The next chapter in the epic story of Rio begins right here!

*The Book of Rio* Sep 26 2019 It's the city the rest of the world descends on to party.... whether for the spectacular annual Carnival, the sun-kissed beaches, the World Cup, or, in 2016, the Olympics. It's also a place that's sadly become synonymous with some of the excesses of partying, the dark underbelly that accompanies any urban hedonist's destination. But these are just two images of Rio. There are countless others: opulent seat of two former empires; stronghold of brutal, twentieth-century dictatorships; sprawling metropolis stretched between stunning mountain tops and equally stunning economic extremes - from the affluence of neighbourhoods like Leblon and Ipanema, to the overcrowded slums in the foothills, the favelas. This anthology brings together ten short stories that go beyond the postcards and snapshots, and introduce us to real residents of Rio - the cariocas: young hopefuls training to be the next stars of samba, exhausted labourers press-ganged into meeting an impossible construction deadline (the nation's pride being at stake), bored call-girls, nostalgic drag queens, married couples having petty middle-class domestics.... These are characters who've developed a deep understanding of Rio's contradictions, a way of living with the grey areas - between the grime and the glitz - that make Rio the 'marvellous city' it is.

**From the Republic of the Rio Grande** Jun 27 2022 The Republic of the Rio Grande had a brief and tenuous existence (1838-1840) before most of it was reabsorbed by Mexico and the remainder annexed by the United States, yet this region that straddles the Rio Grande has retained its distinctive cultural identity to the present day. Born on one side of the Rio Grande and raised on the other, Beatriz de la Garza is a product of this region. Her birthplace and its people are the subjects of this work, which fuses family memoir and borderlands history. From the Republic of the Rio Grande brings new insights and information to the study of transnational cultures by drawing from family papers supplemented by other original sources, local chronicles, and scholarly works. De la Garza has fashioned a history of this area from the perspective of individuals involved in the events recounted. The book is composed of nine sections spanning some two hundred years, beginning in the mid-1700s. Each section covers not only a chronological period but also a particular theme relating to the history of the region. De la Garza takes a personal approach, opening most sections with an individual observation or experience that leads to the central motif, whether this is the shared identity of the inhabitants, their pride in their biculturalism and bilingualism, or their deep attachment to the land of their ancestors.

**Duran Duran's Rio** Nov 01 2022 In the '80s, the Birmingham, England, band Duran Duran became closely associated with new wave, an idiosyncratic genre that dominated the decade's music and culture. No album represented this rip-it-up-and-start-again movement better than the act's breakthrough 1982 LP, *Rio*. A cohesive album with a retro-futuristic sound-influences include danceable disco, tangy funk, swaggering glam, and Roxy Music's art-rock-the full-length sold millions and spawned smashes such as "Hungry Like the Wolf" and the title track. However, *Rio* wasn't a success everywhere at first; in fact, the LP had to be buffed-up with remixes and reissued before it found an audience in America. The album was further buoyed by colorful music videos, which established Duran Duran as leaders of an MTV-driven second British Invasion, and the group's cutting-edge visual aesthetic. Via extensive new interviews with band members and other figures who helped *Rio* succeed, this book explores how and why *Rio* became a landmark pop-rock album, and examines how the LP was both a musical inspiration-and a reflection of a musical, cultural, and technology zeitgeist.

**Rio: The Movie Storybook** Jul 29 2022 From the makers of the hit Ice Age series comes *Rio*, a comedy adventure about a domesticated blue Spix's Macaw named Blu, who travels to the faraway and exotic land of Rio de Janeiro to find Jewel, the only other bird of his species. Not long after Blu and his owner, Linda, arrive in Rio, Blu and Jewel are kidnapped by a group of bungling animal smugglers. With the help of a group of wisecracking and smooth-talking city birds, Blu will escape the kidnappers, learn to fly, and return to Linda, the best friend a bird ever had.

**Drugs and Democracy in Rio de Janeiro** May 27 2022 Taking an ethnographic approach to understanding urban violence, Enrique Desmond Arias examines the ongoing problems of crime and police corruption that have led to widespread misery and human rights violations in many of Latin America's new democracies. Employing participant observation and interview research in three favelas (shantytowns) in Rio de Janeiro over a nine-year period, Arias closely considers the social interactions and criminal networks that are at the heart of the challenges to democratic governance in urban Brazil. Much of the violence is the result of highly organized, politically connected drug dealers feeding off of the global cocaine market. Rising crime prompts repressive police tactics, and corruption runs deep in state structures. The rich move to walled communities, and the poor are caught between the criminals and often corrupt officials. Arias argues that public policy change is not enough to stop the vicious cycle of crime and corruption. The challenge, he suggests, is to build new social networks committed to controlling violence locally. Arias also offers comparative insights that apply this analysis to other cities in Brazil and throughout Latin America.

**Chronospire** Sep 06 2020 Collects issue 1-5 of Chronospire! Time and space have been shattered, leaving sections of Valegard--a world of elves, orcs, and magic--stuck in different time periods, existing side-by-side. It's up to an elven junior high student--teamed with her scientist future-self--to journey across history, reach the Chronospire, and stop the dark wizard responsible!
