Diamond Park Apr 04 2020 A fast-paced YA novel about four Mexican-American teenagers from Houston, a '59 Chevy Impala, and a murder that changes their lives forever. Flaco isn't the kind of kid who gets in trouble. He doesn't want to give his mom or his aunt Ana Flor any grief—they've had enough since his cousin Carlos died serving in Afghanistan. But he finds a whole lot more trouble than he bargained for when he and his friends Tiny, Magaña, and Susi ride the bus from their Houston neighborhood to Diamond Park to buy a used car. And not just any car—a 1959 Impala convertible, a dream car. The transaction gets complicated fast, and Susi ends up with a knife in her hands, covered in blood. When Tiny has to disappear to avoid ICE, Flaco and Magaña head south in the Impala to set things right. In a wildly impetuous move, the two boys cross into Mexico hunting for a trafficker named Anaconda, the man they believe is the real killer, to clear Susi's name. In a breathtaking, seat-of-your-pants adventure they manage to kidnap him but in the process they discover how little they ever actually understood about what really happened in Diamond Park.

The Climate Diet Feb 24 2022 The atmosphere is getting fat on our carbon and other greenhouse gas emissions and it needs our help. We live in a world of excess, consuming too much of everything—food, clothes, cars, toys, shoes, bricks, and mortar. Our bingeing is often so extreme that it threatens our own health and wellbeing. And we are not the only ones who are getting sick. The Earth, which provides the food, air, water, and land that sustains us, is also under severe pressure. We either take steps to put our personal and planetary systems back into balance or we suffer the consequences. So, what does any unhealthy overweight person do when the doctor tells him or her that they are eating themselves into an early grave? Go on a diet! This is the must-have guide to the most important diet ever, explaining climate change concepts, problems, and solutions in ways that anyone can easily understand. Following a six-step climate diet plan, families will be able to count their carbon calories and learn how to reduce them, leaving us with a slim healthy planet now and for the future.

The Hard Crowd Apr 16 2021 Now includes a new essay, "Naked Childhood," about Kushner's family, their converted school bus, and the Summers of Love in Oregon and San Francisco! "The Hard Crowd is wild, wide-ranging, and unsparingly intelligent throughout." —Taylor Antrim, Vogue From a writer celebrated for her "chops, ambition, and killer instinct" (John Powers, Fresh Air), a career-spanning collection of spectacular essays about politics and culture. Rachel Kushner has established herself as "the most vital and interesting American novelist working today" (The Millions) and as a master of the essay form. In The Hard Crowd, she

gathers a selection of her writing from over the course of the last twenty years that addresses the most pressing political, artistic, and cultural issues of our times—and illuminates the themes and real-life experiences that inform her fiction. In twenty razor-sharp essays, *The Hard Crowd* spans literary journalism, memoir, cultural criticism, and writing about art and literature, including pieces on Jeff Koons, Denis Johnson, and Marguerite Duras. Kushner takes us on a journey through a Palestinian refugee camp, an illegal motorcycle race down the Baja Peninsula, 1970s wildcat strikes in Fiat factories, her love of classic cars, and her young life in the music scene of her hometown, San Francisco. The closing, eponymous essay is her manifesto on nostalgia, doom, and writing. These pieces, new and old, are electric, vivid, and wry, and they provide an opportunity to witness the evolution and range of one of our most dazzling and fearless writers. “Kushner writes with startling detail, imagination, and gallows humor,” said Leah Greenblatt in *Entertainment Weekly*, and, from Paula McLain in the *Wall Street Journal*: “The authority and precision of Kushner’s writing is impressive, but it’s the gorgeous ferocity that will stick with me.”

Chevy SS Mar 28 2022 **DIV** On the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the “Super Sport.” The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy’s Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today’s Impala SS. Featuring the work of acclaimed photo ace David Newhardt, *Chevy SS: The Super Sport Story* provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today’s hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined “high performance” and defined an era. /div

American Cars, 1946-1959 Dec 13 2020 From the resumption of automobile production at the close of World War II through the 1950s, the American auto industry would see the births and deaths of several manufacturers, great technological advances, and an era of dramatic styling as a prospering nation asserted its growing mobility. Cars of this period are among the most iconic vehicles ever built in the United States: the 1949 Ford, the remarkable Studebaker designs of 1950 and 1953, the 1955-1957 Chevrolets, the “Forward Look” Chrysler products, the ill-fated Edsel and many

others. This comprehensive reference book details every model from each of the major manufacturers (including independents such as Kaiser-Frazer and Crosley but excluding very low-volume marques such as Tucker) from model years 1946 through 1959. Year by year, it provides an overview of the industry and market, followed by an individual report on each company: its main news for the year (introductions or cancellations of models, new engines and transmissions, advertising themes, sales trends etc.); its production figures and market status; and its powertrain offerings, paint colors and major options. The company's models are then detailed individually with such information as body styles, prices, dimensions and weights, standard equipment and production figures. Nearly 1,000 photographs are included.

Pulp Fiction May 18 2021 When *Pulp Fiction* was released in theaters in 1994, it was immediately hailed as a masterpiece. The *New York Times* called it a "triumphant, cleverly disorienting journey," and thirty-one-year-old Quentin Tarantino, with just three feature films to his name, became a sensation: the next great American director. Nearly twenty years later, those who proclaimed *Pulp Fiction* an instant classic have been proven irrefutably right. In *Pulp Fiction: The Complete Story of Quentin Tarantino's Masterpiece*, film expert Jason Bailey explores why *Pulp Fiction* is such a brilliant and influential film. He discusses how the movie was revolutionary in its use of dialogue ("You can get a steak here, daddy-o," "Correct-amundo"), time structure, and cinematography—and how it completely transformed the industry and artistry of independent cinema. He examines Tarantino's influences, illuminates the film's pop culture references, and describes its phenomenal legacy. Unforgettable characters like Jules Winnfield (Samuel L. Jackson), Vincent Vega (John Travolta), Butch Coolidge (Bruce Willis), and Mia Wallace (Uma Thurman) are scrutinized from all-new angles, and memorable scenes—Christopher Walken's gold watch monologue, Vince's explanation of French cuisine—are analyzed and celebrated. Much like the contents of Marcellus Wallace's briefcase, *Pulp Fiction* is mysterious and spectacular. This book explains why. Illustrated throughout with original art inspired by the film, with sidebars and special features on everything from casting close calls to deleted scenes, this is the most comprehensive, in-depth book on *Pulp Fiction* ever published.

Elvis Presley Boulevard Feb 12 2021 A memoir of a cross-country road trip, the tourist experience, and the cultural touchstones that bring Americans together: "A great story" (*Publishers Weekly*). As a boy in Ohio, Mark Winegardner spent the formative summers of his wonder years touring the States with his family in a succession of recreational vehicles. Much later, only months before his wedding, he undertakes another transcontinental odyssey—this time without benefit of license-plate games with his sister or parental warnings to get his feet out of the car window. He arms himself with only the bare essentials: a Styrofoam cooler; a Hawaiian shirt; enough cash for gas, blue plate specials, and the occasional knickknack; a buddy; and the buddy's ailing '68 Chevy Impala. Determined to extract full value from every scenic overlook, these two set out to discover America. They visit Xanadu, Foam House of Tomorrow, in Gatlinburg, Tennessee; and Truth or

Consequences, New Mexico, the only community named after a game show. They play the Easter Island Hole at Magic Carpet Golf in Tucson. They marvel at the fourteen peacocks strolling Graceland's lawn and at the vastness of the prairie states, "where no one speaks French or pays to park." They collect 3-D glasses. They eat Devil Dogs. They take the amazing Miracle Photo. They discover themselves. Most amazing of all, they discover an unbroken chain of Elvis tapestries, Elvis ashtrays, Elvis T-shirt wearers, and Elvis imitators that unites this land as surely as Route 66 divides it.

Second Sons Sep 09 2020 Mason Krane was five years old when he saw his parents brutally murdered and his brother dragged screaming out of their home. Haunted by the horrors of that night, Mason has dedicated his life to finding missing children. Though dedicated to his job, Mason's obsession with finding the truth of that night is always on his mind. He has never found any evidence to grant him closure, until now. Mason is hired to investigate the brutal murder of a babysitter and the missing child she was watching. The facts of the case are eerily similar to Mason's own experience, but this time the babysitter has left a clue to her killer's identity a rough sketch that will drive his investigation into a confrontation with evil. Driven by this recent discovery, Mason's investigation leads him to unlock the ancient past, create new friendships, and give him visibility into a world that exists only in the deepest nightmares. As his desire to find a missing child and the truth of his past push him forward, Mason stumbles onto a plot that could wipe out millions, and only he and God stand between the evil that could ravage the human race.

They Called Us "Lucky" Jan 14 2021 From the Arizona Congressman, a 21st-century Band of Brothers chronicling the eternal bonds forged between the Marines of Lima Company, the hardest-hit unit of the Iraq War At first, they were "Lucky Lima." Infantryman Ruben Gallego and his brothers in Lima Company—3rd Battalion, 25th Marines, young men drawn from blue-collar towns, immigrant households, Navajo reservations—returned unscathed on patrol after patrol through the increasingly violent al Anbar region of Iraq, looking for weapons caches and insurgents trying to destabilize the nascent Iraqi government. After two months in Iraq, Lima didn't have a casualty, not a single Purple Heart, no injury worse than a blister. Lucky Lima. Then, in May 2005, Lima's fortunes flipped. Unknown to Ruben and his fellow grunts, al Anbar had recently become a haven for al Qaeda in Mesopotamia. The bin Laden-sponsored group had recruited radicals from all over the world for jihad against the Americans. On one fateful day, they were lured into a death house; the ambush cost the lives of two men, including a platoon sergeant. Two days later, Ruben's best friend, Jonathon Grant, died in an IED attack, along with several others. Events worsened from there. A disastrous operation in Haditha in August claimed the lives of thirteen Marines when an IED destroyed their amphibious vehicle. It was the worst single-day loss for the Marines since the 1983 Beirut bombings. By the time 3/25 went home in November, it had lost more men than any other single unit in the war. Forty-six Marines and two Navy Corpsmen serving with the battalion in Iraq were killed in action during their roughly nine-month activation. They Called Us "Lucky" details Ruben Gallego's journey and includes harrowing accounts of some of the war's most costly battles. It details the struggles and the successes of Ruben—now a member of Congress—and the rest of Lima Company following Iraq, examining the complicated matter of PTSD. And it serves as a tribute to Ruben's fallen comrades, who made the ultimate sacrifice for their country.

A Friend is a Gift You Give Yourself: A Novel Sep 21 2021 Goodfellas meets Thelma and Louise when an unlikely trio of women in New York find themselves banding together to escape the clutches of violent figures from their pasts. After Brooklyn mob widow Rena Ruggiero hits her eighty-year-old neighbor Enzo in the head with an ashtray when he makes an unwanted move on her, she embarks on a bizarre adventure. Taking off in Enzo's '62 Impala, she retreats to the Bronx home of her estranged daughter, Adrienne, and her granddaughter, Lucia, only to be turned away by Adrienne at the door. Their neighbor, Lacey "Wolfie" Wolfstein, a one-time Golden Age porn star and retired Florida Suncoast grifter, takes Rena in and befriends her. When Lucia discovers that Adrienne is planning to hit the road with her ex-boyfriend Richie, she figures Rena's her only way out of a life on the run with a mother she can't stand. But Richie has massacred a few members of the Brancaccio crime family for a big payday, and he drags even more trouble into the mix in the form of an unhinged enforcer named Crea. The stage is set for an explosion that will propel Rena, Wolfie, and Lucia down a strange path, each woman running from something and unsure what comes next. A Friend is a Gift You Give Yourself is a screwball noir about finding friendship and family where you least expect it, in which William Boyle again draws readers into the familiar-and sometimes frightening-world in the shadows at the edges of New York's neighborhoods.

Straight from the Horse's Mouth Oct 30 2019 This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, Jmiaa struggles to earn enough money to support herself and her family--often including the deadbeat husband who walked out on her and their young daughter. While she doesn't despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the "respectable" one she paints for her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling "Horse Mouth." Chadlia enlists Jmiaa's help on a film project, initially just to make sure the plot and dialogue are authentic. But when she's unable to find an actress who's right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day

challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience.

Boss Mustang Feb 01 2020 The Ford Boss Mustang is the most iconic pony car ever created, and this book covers it more extensively than any other. *Boss Mustang: 50 Years*—a fully expanded version of *Mustang Boss 302*—includes the complete history of its creation; racing and street histories of both the 302 and 429 models; and photos and interviews with Boss Mustang designers, engineers, racers, and more. Of all the legendary names in the history of the Ford Mustang, one stands apart: Boss. Originally created to homologate the new Boss 302 engine and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. This book features never-before-seen production and racing photography, interviews with designers and engineers, and keen insight from author Donald Farr, a renowned Ford historian and Ford hall-of-fame inductee. Designed by the legendary Larry Shinoda, the Boss cars were easily distinguished from their less potent stablemates by their race-bred powerplant, standard front spoiler, and bold graphics. In 2012, Ford at long last revived this most revered of all Mustang models. With a new racing counterpart and a modern street version that delivers more than 440 horsepower, the Boss was truly back! In 2013, Ford rolled out the Boss one more time. In *Boss Mustang: 50 Years*, Mustang historian Donald Farr offers a complete history of the car—from its late 1960s origins in Ford's boardrooms through its Trans-Am successes and untimely demise in 1970, up to the conception and development of the spectacular, limited-edition 2012 and 2013 Boss Mustangs. Packed with brilliant photography and firsthand accounts from the people who created the original Boss, as well as the team that resurrected Ford's most iconic Mustang for the 21st century, this is the story every Mustang enthusiast has been waiting to read.

In Honor Jul 20 2021 A devastating loss leads to an unexpected road trip in what Sarah Ockler calls a “beautiful, engaging journey with heart, humor, and just a pinch of Texas sass.” Three days after learning of her brother Finn's death, Honor receives his last letter from Iraq. Devastated, she interprets his note as a final request and spontaneously sets off to California to fulfill it. At the last minute, she's joined by Rusty, Finn's former best friend. Rusty is the last person Honor wants to be with—he's cocky and obnoxious, just like Honor remembers, and she hasn't forgiven him for turning his back on Finn when he enlisted. But as they cover the dusty miles together in Finn's beloved 1967 Chevy Impala, long-held resentments begin to fade, and Honor and Rusty struggle to come to terms with the loss they share. As their memories of Finn merge to create a new portrait, Honor's eyes are opened to a side of her brother she never knew—a side that shows her the true meaning of love and sacrifice.
