On the Bright Side Oct 03 2022 "THE MALE ELENA FERRANTE" -- New York Post In the acclaimed follow-up to the #1 international bestseller *The Secret Diary of Hendrik Groen*, everyone's favorite curmudgeon is back and as funny and charming as ever with the newest adventures of the Old-But-Not-Dead Club -- for fans of Frederik Backman and Graeme Simsion. Everyone's favorite octogenarian is back and, together with his pals in the Old-But-Not-Dead Club, he is more determined than ever to wreak havoc and turn a twinkly eye on the brighter side of life. After a year spent mourning the death of his beloved friend Eefje, Hendrik may be older and a little more wobbly, but his youthful appetite for mischief hasn't diminished. When fears arise that the home is set for demolition, it's up to Hendrik and the Old-But-Not-Dead Club to intervene.

MGA & MGB Workshop Manual & Owners Handbook Oct 23 2021 A reproduction of the Floyd Clymer Workshop Manual and possibly the most comprehensive manual ever published for this series of MG's. It includes complete technical data, service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for the 1500cc, 1600cc and 1800cc MGA and MGB series of automobiles including the MGA 1500 (1955-59), MGA 1600 MKI (1959-61), MGA 1600 MKII (1961-62), MGB MKI (1962-67) & MGB MKII (1967-70). As many of the same mechanical components are utilized in the final series of MGB's (1970-80) much of this manual is applicable to the Series III cars also. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation, making it an invaluable resource for collectors and restorers of these classic automobiles. This profusely illustrated manual includes separate sections dealing with the repair and overhaul procedures for the engine, cooling system, carburetion, clutch, transmission, brakes and wheels, hubs and drums, rear axle, drive shaft, front suspension, steering gear, a detailed electrical service section and emission control section plus a complete reproduction of the MGB & MGB GT Owners Handbook. This is a - must have - reference for any MG enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic automobiles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all MG enthusiasts worldwide.

The Secret Diary of Hendrik Groen Dec 01 2019 A #1 international bestseller in the vein of Fredrik Backman's *A Man Called Ove*: a funny and tender-hearted tale about friendship, love, and an old man who is young at heart. Technically speaking, Hendrik Groen is...elderly. But at age 83 1/4, this feisty, indomitable curmudgeon has no plans to go out quietly. Bored of weak tea and potted geraniums, exasperated by the indignities of aging, Hendrik has decided to rebel - on his own terms. He begins writing an exposé: secretly recording the antics of day-to-day life in his retirement home, where he refuses to take himself, or his fellow "inmates," too seriously. With an eccentric group of friends, he founds the wickedly anarchic Old-But-Not-Dead Club, and he and his best friend, Evert, gleefully stir up trouble, enraging the home's humorless director and turning themselves into unlikely heroes. And when a sweet and sassy widow moves in next door, he polishes his shoes, grooms what's left of his hair, and determines to savor every ounce of joy in the time he has left, with hilarious and tender consequences. A bestselling phenomenon that has captured imaginations around the world, *The Secret Diary of Hendrik Groen* is inspiring, charming, and laugh-out-loud funny with a deep and poignant core: a page-turning delight for readers of any age.

Real World Nikon Capture NX 2 Mar 16 2021 Capture NX 2 from Nikon is a powerful image-editing application that lets photographers work with digital photographs with more speed and efficiency than other

software programs. Its underlying technology gives photographers the ability to make selective corrections to an image with just one click. "Real World Capture NX 2," written by digital photography expert Ben Long, takes photographers behind the scenes to see how this innovative program works. Along the way, Ben offers valuable tips and techniques for getting the most out of the software and digital cameras. Novice and expert photographers alike will benefit from Capture NX 2. New users can make advanced image corrections without learning sophisticated masking techniques. Advanced users can perform the complex edits they are accustomed to making in other programs in fewer steps. Any image corrections made with Capture NX 2 are non-destructive, which means that the actual image data is unaltered and reversible until the photographer achieves the best results. Photographers who use Nikon cameras have access to special software features for working with raw, JPEG and TIFF images.

Breasts: The Owner's Manual Sep 02 2022 A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for *Breasts: The Owner's Manual*: "Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with conviction, passion, and a laser focus on you."—Dr. Mehmet Oz, Host of *The Dr. Oz Show* "*Breasts: The Owner's Manual* will become an indispensable and valued guide for women looking to optimize health and minimize breast illness."—Debu Tripathy, MD, Professor and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center "*Breasts: The Owner's Manual* not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it."—Robin Roberts, Co-anchor, *Good Morning America*

Your Fully Charged Life Apr 28 2022 A high-energy guide to living with presence, optimism, and joy--one yay at a time! Ever wish you were one of those upbeat, positive people who embrace every day with a can-do mindset that motivates others and simply makes life more fun? Longtime magazine editor Meaghan B Murphy is one of those high-energy people--and she's here to share her secrets for finding more yay every day. *Your Fully Charged Life* is Murphy's practical guide to bringing your best self to every moment, even when the pressures of daily life leave you feeling overwhelmed, exhausted, and wallowing in negative thoughts (and a pint of your favorite gelato). Spanning health, work, family time, and more, this book reveals small changes in outlook and habits that yield big results, without ever sacrificing who you are. Informed by the latest research in neuroscience, positive psychology, and inspiring examples of women and men who live fully charged every day, the book presents simple ways to: • cultivate gratitude--and pass it along • make meaningful connections with the people around you • learn to say no--so you can fill your days with things that matter to you most • recharge when you need it • spread the positive charge to others to make the world a happier, healthier place Going beyond platitudes and shallow Insta-inspiration, this inspiring and empowering book provides a blueprint for feeling less stressed and genuinely making the most of your every day.

Body by God Jan 02 2020 Your body is by God. God preprogrammed you to look great, have outrageous health, and experience incredible happiness. In the human body, God created a perfect design, equipped with all the organs, tissues, and cells necessary for health, production, and reproduction. The problem, asserts Dr. Ben Lerner, is when we as humans interfere with God's design for our bodies. Junk food, high-stress living, and neglecting exercise are just a few of the things we do to hinder our bodies' performance. In *Body by God*, Dr. Lerner offers a comprehensive plan for getting in touch with our bodies in four areas: nutrition, exercise, stress management, and time management. His "5-in-5" plan is designed to instill the good habits that will lead to optimum health benefits. Readers will learn how to get in shape with 10-minute workouts, reprogram the way they react to stress, and more. "Owner's Manual Tips" give specific ways to apply the material to real life. Our bodies are "fearfully and wonderfully made." With the help of *Body by God*, readers will learn how to achieve the highest level of performance from God's handiwork.

Sisters Like Us Jun 18 2021 The grass is always greener on your sister's side of the fence... Divorce left Harper Szymanski with a name no one can spell, a house she can't afford and a teenage daughter who's pulling away. With her fledgling virtual-assistant business, she's scrambling to maintain her overbearing mother's ridiculous Susie Homemaker standards and still pay the bills, thanks to clients like Lucas, the annoying playboy cop who claims he hangs around for Harper's fresh-baked cookies. Spending half her life in school hasn't prepared Dr. Stacey Bloom for her most daunting challenge—motherhood. She didn't inherit the nurturing gene like Harper and is in deep denial that a baby is coming. Worse, her mother will be horrified to learn that Stacey's husband plans to be a stay-at-home dad...assuming Stacey can first find the courage to tell Mom she's already six months pregnant. Separately they may be a mess, but together Harper and Stacey can survive anything—their indomitable mother, overwhelming maternity stores and ex's weddings. *Sisters Like Us* is a delightful look at sisters, mothers and daughters in today's fast-paced world, told with Susan Mallery's trademark warmth and humor.

Boa Constrictor Manual Feb 24 2022 Still the most popular large snake in the pet world, the boa constrictor of South America is a hardy, beautiful snake that is fairly docile and considered safe when handled properly. In *The Boa Constrictor Manual*, world-renowned herp expert Philippe de Vosjoli has written a concise and useful guide, well illustrated with color photographs, that offers all of the information a boa keeper needs to maintain a pet snake safely and in the best of health. This *Advanced Vivarium Systems* title includes information about selecting and purchasing a healthy boa constrictor, proper housing and maintenance needs, feeding, and safe handling. Dr. Roger Klingenberg, a herp veterinary specialist, has written a special health chapter on diseases and disorders, with particular emphasis on the dreaded boa AIDS (inclusion body disease or IBD) as well as parasitism, respiratory disease, and more. The chapter concludes with a six-page chart on troubleshooting health concerns, which all boa constrictor keepers will find useful for general upkeep and recognizing and dealing with serious issues. Beyond the husbandry and health of boa constrictors, this book offers an excellent chapter by Jeff Ronne on breeding Colombia boa constrictors, beginning with the size and health of breeding animals and the female's cycling to the birth and care of newborns. Resources and index included.

Instructions for Visitors Aug 21 2021 When living abroad, there are two rules to be followed: 1—If you are lucky enough to find a place you belong, you should never actually live there. And 2—Never live with a man you think you could never live without. But then, what fun would that be? In this funny, forthright, and charming memoir, Helen Stevenson chronicles her experiences as a young British expatriate living in the countryside of France. With emotional depth and lyrical sensitivity, Stevenson introduces readers to the myriad residents of the quaint hamlet known only as "le village." There's Stefan, the Maoist tennis buff, who has his own unique way of showing empathy for the masses; Gigi, the chic Parisian who uses her boutique to dress her ex-lovers' girlfriends; and Luc, the cowboy painter and part-time dentist, who, overcoming his aversion to blondes, becomes enamored of the Englishwoman who has been warmly embraced by the rural community. But her troubled love affair with this local lothario comes to represent the poignant truth: she is still, somehow, an outsider. Luc reminds her: "Le village, c'est moi," and she can never say the same. Evoking the languid, sensual essence of Mediterranean France, *Instructions for Visitors* is a very personal revelation of the wonders and the difficulties of relocating one's home—and one's heart.

Self Actualization Psychology Oct 11 2020 Dr. Abraham Maslow spent his entire life finding self-actualizing persons, studying them, modeling them, and then theorizing, measuring, and pre-senting self-actualization. He pioneered the paradigm shift in psychology from studying sickness to studying health, vitality, and excellence. And while his books present most of the this kind of psychology he never got around to writing the book. His untimely death at 62 cut that short.

The UberReader Sep 29 2019 "Avital Ronell has put together what must be one of the most remarkable critical oeuvres of our era... Zeugmatically yoking the slang of pop culture with philosophical analysis, forcing the confrontation of high literature and technology or drug culture, Avital Ronell produces sentences that startle, irritate, illuminate. At once hilarious and refractory, her books are like no others."--Jonathan Culler, *Diacritics* For twenty years Avital Ronell has stood at the forefront of the confrontation between literary study and European philosophy. She has tirelessly investigated the impact of technology on thinking and writing, with groundbreaking work on Heidegger, dependency and drug rhetoric, intelligence and artificial intelligence, and the obsession with testing. Admired for her insights and breadth of field, she has attracted a wide readership by writing with guts, candor, and wit. Coyly alluding to Nietzsche's "gay science," *The ÜberReader* presents a solid introduction to Avital Ronell's later oeuvre. It includes at least one selection from each of her books, two classic selections from a collection of her early essays (*Finitude's Score*), previously uncollected interviews and essays, and some of her most powerful published and unpublished talks. An introduction by Diane Davis surveys Ronell's career and the critical response to it thus far. With its combination of brevity and power, this Ronell "primer" will be immensely useful to scholars, students, and teachers throughout the humanities, but particularly to graduate and undergraduate courses in contemporary theory.

Over the Hill Feb 01 2020

Stupidity Aug 28 2019 "Avital Ronell's work studies the fading empire of cognition, modulating stupidity into idiocy, puerility, and the figure of the ridiculous philosopher instituted by Kant. Investigating ignorance, dumbfoundedness, and the limits of reason, *Stupidity* probes the pervasive practice of theory-bashing and related forms of paranoid aggression. A section on prolonged and debilitating illness pushes the text to an edge of a corporeal hermeneutics, "at the limits of what the body knows and tells."--BOOK JACKET.
