Tristan knows he's got issues. His latest ex-girlfriend knows it too. He can't blame her for dumping him-even though she gets her brother to do it for her. Since he can't stop staring at said brother's package, he figures it's about time to put a label on those issues. He likes guys. He heads to a local bookstore with what he's sure is a foolproof plan to find someone to show him what he's been missing. But who should crash his little adventure? Officer Michael Truax, who gave him a really expensive ticket back in high school for skateboarding without a helmet. Michael has been trying to catch Tristan for years...to give him a second ticket. Suddenly faced with "Sparky," all grown up and looking to get laid, Michael's protective instinct kicks in-and presents him with an opportunity that's hard to resist. After all, the kid must know what he's getting into, so why not? But when a man with a plan connects with a man with a hunger, the result is nothing short of explosive. This book has been previously published. Warning: Contains high-octane hair, a clawfoot bathtub, and a story that will make you believe in love at first sight. The only thing he truly fears is love, and allowing someone else to really know him... Unless you go over the edge? While researching a book on sexual extremes, Dylan interviews Alec—and longs to taste the temptation he offers. But he's a self-proclaimed dominant and she refuses to surrender control. Slowly and seductively, though, Alec shows her that by letting go and submitting

Maxfield's "I'll Be There," actor Spencer Kepler and his boyfriend Nash Holly brave a blizzard and a fan convention to spend their first February the 14th together. Of course, it's not just TV stars celebrating the day. In Anne Tenino's "Helping Hand," an aspiring artist eager to escape Bluewater Bay decides he just might have a reason to stay: lust-inspiring logger Gabriel Savage. In SE Jakes's "No Easy Way," a local teacher reconnects with an old lover working security on the film set. Change Anything Jun 29 2022 A stunning approach to how individuals can not only change their lives for the better in the workplace, but also their lives away from the office, including (but not limited to) finding ways to improve one's working relationship with others, one's overall

health, outlook on life, and so on. For example, why is it that 95% of all diet attempts fail? Why do New Year's Resolutions last no more than a few days? Why can't people with good intentions seem to make consistent and positive strides? Based upon the latest research in a number of psychological and medical fields, the authors of Change Anything will show that traditional will-power is not necessarily the answer to these strivings, that people are affected in their behaviors by far more subtle influences. Change Anything shows how individuals can come to understand these powerful and influential forces, and how to put these forces to work in a positive manner that brings real and meaningful results. The authors present an array of everyday examples that will change and truly empower you to reexamine the way you go about your business and life.
